TO ABOLISH COMPULSORY EXAMINATION

Under the Present Civil Service Rules, Sought By Hoy Bill

PROPOSES REPEAL OF CONSTITUTIONAL AMENDMENT

PROVIDING MERIT SYSTEM

Divorce Evil In Ohio Debated Before Bill Making Separation More Difficult Was Killed—No More "Junketing" Trips of State Officials and Legislative Committees.

(Associated Press Telegram) Columbus, April 8.—Complete repeal of the present civil service amendment to the constitution was proposed in a resolution, introduced in the house today by Representative Hoy, of Jackson. If both houses should adopt the resolution, the people would be called upon next fall to vote on whether they shall retain a constitutional provision for a merit system. If they should vote to repeal the amendment, compulsory civil service examinations in municipal and state governments would be abolished.

"I am convinced that the mass of the people do not want civil service," said Representative Hoy. "They voted it into the constitution two years ago, but they have found it not what they thought."

Representative Hoy is author of a bill to reorganize the civil service system. The bill was ignored by the house civil service committee, and preference given to the civil service bill introduced by Representative Baines of Hamilton.

The house today passed unanimously the Reighard bill, which is drawn to eliminate "junketing" trips by legislative committees and state officials. According to Representative Reighard of Fulton, its author. The measure would authorize so-called "deficiency expenditures" by state institutions and departments only when the state emergency board approves them in advance. Members of the house and senate finance committees would have to turn in an itemized expense account before their expense could be paid also.

The house debated the divorce bill during a large part of the morning today, before finally killing the Young bill, which is intended to make more difficult uncontested divorce cases by providing a court investigator and compelling presence in court of both the husband and wife.

Members of the Hamilton county delegation, Representative Lustig of Cuyahoga and Representative Thompson of Franklin made strong attacks on the bill, on the ground that the work of special court investigators is usually unreliable and unfair.

Representative Cromley, of Knox, defended the measure, saying the divorce evil in Ohio is a "stench in the nostrils of decent people." With such easy divorce made possible in (Continued on page 11, col. 4.)

INTERURBAN STREET CARS ARE TIED UP

Practically Every System In Central and Western New York Is Affected

NOT A CAR WAS MOVING IN CITY OF AUBURN.

DEPUTY SHERIFF'S RIDE

As Each Car Leaves Syracuse Barns, and Automobiles Filled With Policemen Accompanied Cars to the City Limits—Jitney Busses Preparing to Handle Factory Crowds.

(Associated Press Telegram) Syracuse, N. Y., April 8.—The strike of the Amalgamated Association of Street and Electric Railway employees, directed against the Empire United Railway lines, and affecting virtually the entire interurban system of Central and Western New York is in effect today. As a result not a car line was moving in the city of Auburn, and the Auburn and Syracuse line was tied up, while other systems were more or less affected. The strike was called last night following the refusal of the company to recognize the Amalgamated as the representative union body of its employees. The company has contracts with the Brotherhoods of Engineers and Conductors on some of its lines.

Cars on what is known as the Lake Shore or Oswego division were still running today, but a deputy sheriff rode on each car leaving the barns, while automobiles filled with policemen accompanied the cars to the city limits. The Lake Shore cars come into this city over their own tracks, which makes it possible for this line to operate.

While there is no strike on at Rochester, Syracuse and Eastern, the Amalgamated has prevented the Rochester, Syracuse and Eastern from running into Rochester City proper on state railway tracks. The same is said to be true at Buffalo, Lockport and Niagara Falls on the Buffalo, Lockport and Rochester line.

Through the carrying out of their plans, the strike leaders declared today that they had the Empire lines tied up from Syracuse to Buffalo.

NO EFFORT TO MOVE CARS IN AUBURN NOW.

(Associated Press Telegram) Auburn, N. Y., April 8.—All street car traffic in Auburn is at a standstill following the declaration today of a strike by the employees of the Auburn and Syracuse Electric railway company which operates all lines in and around Auburn. The tie-up here is complete. Local garage men are preparing jitney busses to handle the great factory crowds. No effort will be made here, it is said, to move cars for the present.

BRITISH TRAWLER BLOWN UP TODAY.

London, April 8.—The Grimshy trawler Zarina was blown up in the North Sea today. It is feared that the nine men on the trawler were either killed by the explosion or drowned.

Captured Cossack Presented to Kaiser Wilhelm at Front.

This photograph shows Kaiser Wilhelm on the East Prussian battle front where a captured Cossack has been taken before him. It is one of the few photographs of the Kaiser actually on the battle line. Germans took many thousand Cossacks when they drove the Russians from East Prussia. Many of these men have been accused of vicious attacks on the women of the eastern frontier of Germany. The war office in Berlin is now tabulating the instances of burning and pillage to present it against the Russians when the time comes to discuss peace.

Prinz Eitel Will Interne During War; Commander Disappointed In Arrival Of Aid and Foresaw Certain Doom

(Associated Press Telegram) Newport News, Va., April 8.—With the internment today of the German auxiliary cruiser Prinz Eitel Friedrich and her crew, the commerce destroyer ended her spectacular war career. Details of the actual internment of the Prinz Eitel before being taken to the Norfolk navy yard, where she will remain until the end of the war, were worked out at a conference early today between Admiral Fletcher, commander-in-chief of the Atlantic fleet,

Rear Admiral Helm of the battleship Alabama, and Beatty, commandant of the Norfolk navy yard and Collector of the Port Hamilton.

Decision of Commander Thierichens of the Prinz Eitel to intern his ship followed the receipt by him of an imperative notice from the United States government early last night that the time limit for his stay in this port would expire at midnight. Had he not asked to intern his ship, Captain Thierichens would have been compelled to depart from American waters not later than 4 a. m. today.

RUSSIAN ARMY CUTS AUSTRIANS IN TWO PLACES

(Associated Press Telegram) Petrograd, April 8.—Via London. The advance of the Russians in the Carpathians has cut the Austrian army under General Boerovitch in two places. The eastern wing of this army is in a precarious position.

The Russians have captured Smolnik, east of Lypkoff Pass.

The Russians also have thrown back the Austrians in the district of Bartfeld and in the district of Lypkoff, having advanced through the Rostock Pass, they having forced a wedge between the Austrian armies. Smolnik controls the only road through the Beskid mountains between Mezolaboroz and Uzsok, a distance of 60 miles.

The western wing of the Austrian army has its base at Gummeneo, and its communication along the roads into Hungary are quite safe. The eastern wing to the contrary is joined with the forces operating around Uzsok, 20 miles from the Russian positions at Smolnik, by which they are threatened with attack.

It is regarded as likely that the Austrians will be compelled to transfer their base at Uzsok in the direction of Munkacs or else accept battle at Uzsok, handicapped by the lack of roads.

In either case, the Austrians will find themselves cut off from the main army under General Boerovitch and his German reinforcements.

The Russians have crossed the crest of the Beskids at Gummeneo, and apparently have a clear road to the plains of Hungary.

la and I am just in receipt of a communication from General Obregon advising me that he has defeated the enemy inflicting upon them a loss of over 2,000 dead and wounded and a large number of prisoners, arms and ammunition. Obregon is in pursuit of the fleeing enemy."

The state department had received no confirmation of the reported Carranza victory.

Daval West, personal representative of President Wilson, who arrived yesterday in Mexico City had not today transmitted any report on conditions there. He was received yesterday by General Carza, the Villa-Zapata executive. The Brazilian minister informed the state department.

Secretary Bryan said the "indications were not favorable" for success of the proposal to neutralize Mexico City and take it out of the fighting zone. He was not sure, he said, that either Carranza or Villa favored the plan, but was still hopeful.

TO UNDERGO OPERATION.

Mrs. W. A. Rees, of 113 Chestnut street, was taken to the City hospital on Wednesday morning, where she will undergo an operation.

FRENCH REPORT THAT ALL GAINS ARE MAINTAINED

(Associated Press Telegram) Paris, April 8, via London.—The French war office this afternoon gave out a report on the progress of the fighting which reads:

"In Belgium the day was marked by artillery engagements.

"In the valley of the Aisne and in the district to the east of Reims, our efforts, in spite of the abnormally bad weather, continued with great activity and we have maintained our gains between the Meuse and the Moselle in their entirety, while at the same time we are proceeding to make further progress."

"In the Brule forest, we captured a German trench at the same time taking a large number of prisoners on this section of the front. This was reported last night."

"The rains of the last few days have soaked through the clay soil of the Woivre to a great depth, rendering difficult the movements of artillery and preventing the explosion of shells. Our troops have consolidated the progress made on the previous day. We maintained all our advance in spite of counter attacks of extraordinary violence."

"At Les Eparges, especially, the last German counter attack was carried out by a regiment and a half and was completely repulsed. The enemy sustained enormous losses. Corpses of their men covered the field. Three hundred men who momentarily would advance from the German position were mowed down by our machine guns. Not one of them escaped."

WILL TAKE THE EITEL TO NORFOLK NAVY YARD FOR HER INTERNMENT.

(Associated Press Telegram) Washington, April 8.—Secretary Daniels today gave formal orders to Rear Admiral Beatty, commanding the Norfolk navy yard to take the Prinz Eitel Friedrich to the navy yard for internment.

Admiral Beatty will determine to what extent the ship will be dismantled but it was not thought that more would be done than to remove the breach blocks from her guns and detach the connecting rod of her engines. At first officers and men probably will be given the freedom of Norfolk and later the officers, at least, probably will be given practically unrestricted liberty, of course upon their promise not to violate the neutrality of the United States. It has always been customary to extend rather than curtail the liberty of interned belligerents.

On board the Prinz Eitel today, which up until the last moment before her time limit expired, had appeared to be ready for a dash to sea, Captain Thierichens and his men seemed to be gloomy. The captain declared today that he was heartbroken because he had been forced to intern and said that he had not intended doing so had it not been absolutely necessary.

Many British ships were leaving this port today as a result of the decision to intern the Prinz Eitel which action operated to lift the American embargo against commerce ships of the allied European countries.

With the taking of the Prinz Eitel to the Norfolk navy yard today, the breach blocks of her guns were to be removed and the connecting rod of her engines detached. The Prinz Eitel had been laid up here since March 10, when she limped into port following her remarkable commerce raiding voyage from the Orient during which she destroyed the American ship William P. Frye.

U. S. Supreme Court Hearing Arguments In Case Against International Harvester Co.

(Associated Press Telegram) Washington, April 8.—In oral argument in the government's dissolution suit against the International Harvester company in the supreme court today, John P. Wilson of the Harvester company's counsel, concluded his opening statement and Attorney General Gregory made the opening statement on behalf of the government.

Chief Justice White asked Mr. Wilson why the Harvester company did not grow up and expand along customary lines instead of having its organizers go to J. P. Morgan & Co. to "procure credit," for a combination of manufacturers to form a new corporation.

Mr. Wilson replied that the question would be dealt with later by another attorney for the company.

Justice McKenna and Mr. Wilson had a colloquy, the former inquiring if the object of the suit was not to restore competitive conditions existing in 1902 when five harvester companies combined into the International Harvester company. Mr. Wilson contended the object of the suit was to prevent restraint of the trade in 1912, the date the suit was brought.

"It would be as impossible to restore the competition of 1902 as to resurrect the dead, because the old companies have gone of existence," said Mr. Wilson.

BRITISH REPORT MORE CASUALTIES

(Associated Press Telegram) London, April 8.—The big list of casualties of the rank and file of the British army issued yesterday of the recent fighting at Neuve Chapelle was increased today by the giving out of another list which contains the names of 1103 men. Of these 346 were killed and the remainder wounded.

GIVES HIS YACHT TO A UNIVERSITY.

(Associated Press Telegram) San Antonio, Tex., April 8.—George W. Brackebridge of this city, has given to the University of Texas his \$100,000 yacht, Navid, to be assigned to the biological department of the institution. The yacht is to be remodeled and equipped for the scientific study of plant and animal life.

German Mission Returns Home After Remarkable Experiences; Failed to See The German Minister to Abyssinia

(Associated Press Telegram) Rome, April 8.—Via Paris.—The members of the German mission who made an unsuccessful attempt to penetrate to Addis Abeba to communicate with the German minister to Abyssinia, have just arrived in Rome on their way home. Italy did not permit them passage through Eritrea, but undertook to see that mail for the minister would go forward in due course. The members of the mission had a series of remarkable experiences which included twenty-three days on the Red Sea in a native boat, an encounter with a French cruiser which almost resulted in their capture and persistent

but futile efforts to obtain permission to travel through Italian coast country.

It has been rumored that the object of this mission was to instigate the Abyssinians to attack British forces in the Sudan. This the Germans deny, saying their purpose was only to carry mail to the minister. This denial has been met by Italian newspapers with a recital of the composition of the mission and also by the fact that it traveled through Rumania, Bulgaria, Turkey and Asia Minor before landing on the Arabian coast near Abakah. The mission consisted of Herr Frobenius, a German explorer who is described

PACKAGES OF SEEDS BY MILLIONS SENT OUT BY GOVERNMENT.

(Associated Press Telegram.) Washington, April 8.—Hundreds of thousands of packages of seed, provided and distributed at Uncle Sam's expense are being poured into the mails from the capital. Each senator and representative is shipping 28,000 packets of the seed, mostly vegetable, to constituents in his state. Each package contains five different varieties, making a total of close to 75,000,000 packages of seed, furnished free by congress to the agricultural constituents annually.

TURKEY CALLS MORE MEN TO THE COLORS

(Associated Press Telegram) London, April 8.—An irate, promulgated today by the sultan of Turkey authorizes the ministry of war to call out all men capable of bearing arms, but who heretofore were not liable for service inclusive of the ages of 19 and 20 for the defense of the Turkish coast and frontiers and the maintenance of order. The ministry also is given power to enroll for military service all immigrants for the duration of mobilization. This information was contained in a despatch received today by Reuter's Telegram company from Constantinople.

BROTHERS-IN-LAW QUARREL; ONE IS FATALLY WOUNDED

Marion, O., April 8.—John Schoemell, an Erie freight conductor, was shot and fatally wounded by his brother-in-law, Oliver Crow, also a freight conductor on the same road here today, after the men had quarreled. Both men are residents of Huntington, Ind. They roomed together here after finishing their runs. Police assert the quarrel started over an argument about taking their mother-in-law to a hospital for an operation.

MONEY FOR CATTLE THAT WAS KILLED DURING EPIDEMIC

Columbus, April 8.—Funds for compensation of farmers and livestock owners for animals killed by the state during the outbreak of foot and mouth disease was made available today when Governor Willis signed the Reighard bill, making an appropriation of \$142,000 for this purpose. The governor also signed another Reighard bill, appropriating more than \$5,000,000 for interest on the irreducible debt and for support of common schools; and the McFarland bill, creating a separate board of control for the Wooster experiment station.

GOVERNOR WILLIS VETOES KLEIN BILL

Columbus, April 8.—Governor Willis today vetoed the bill of Representative Klein of Hamilton county, to provide a penalty for depriving accused persons of counsel, on the grounds that it would create confusion and be in contravention of the proper discipline of prisons in which such persons are confined. The author will introduce a new bill conforming to the wishes of the government.

PROHIBITION QUESTION IS NOT SETTLED

British Cabinet Fails to Agree And Parliament Will Consider the Matter

CONSERVATIVE LEADERS OPPOSE TOTAL PROHIBITION

ALSO VESTED INTERESTS

News From the War Zones Indicates the Progress of the Bitter Struggle In the Carpathians With Both Sides Claiming Local Victories—King Albert's Birthday.

(Associated Press Telegram) London, April 8.—The cabinet having failed to come to a decision on the drink question, no settlement is expected until parliament meets next week. The impression is growing that the government will content itself with bringing in a measure prohibiting the sale of spirits. Even this step will not be exclusively a government policy, since nothing can be done without consultation with other parties.

The conservative leaders, A. J. Balfour and Andrew Bonar Law, are believed already to have given privately their assent to whatever action may be taken, provided no measure for total prohibition is considered at this time.

In proposing the prohibition of the sale of spirits and possibly wine and lessening the strength of beer, Great Britain would be following the footsteps of Russia, which, before the adoption of total prohibition, forbade the manufacture or use of spirits.

Even the prohibition of "traffic in spirits is not likely" to be adopted without considerable opposition from the vested interests. The influence of the party favoring voluntary abstinence is growing. Its latest recruits include the heads of various churches, who have signed a pledge to abstain from intoxicating liquors during the war.

Opposition to the suppression of the use of spirits is in some degree sectional, since Scotland consumes per capita three times as much spirits as England, and half again as much as Ireland. Scottish opposition, if solid, might easily cause the defeat of the measure.

The fight for the Carpathian passes is proceeding bitterly. Both sides claim local successes. The Russians are fighting their way over four passes—Dukla, Lupkow, Uzsok and Rostock, the last named of which is in their possession. Rostock Pass is not so important as the others, but a branch road from it leads to the rear of Uzsok Pass, which from the desperate nature of the struggle in that vicinity, is regarded as the key to the Hungarian plains.

It seems to have only enough men to hold the Russians in check and evidently are unable to make an effective counter stroke from Bukovina. Therefore, their hope must again center on the Germans, who may force back the Russians as they did when the invaders had reached a point further within Hungary than they have gained this time. On that occasion (Continued on Page 11, Col. 4.)

MARION LANDS BERTH IN NEW BUCKEYE LEAGUE

Marion, O., April 8.—After a lapse of three years, Marion is to be launched into league baseball, this announcement being officially given out today. This announcement not only came as a surprise, but as a pleasure to the many fans in this city.

The league is to be known as the Buckeye league, and will rank with class D organizations. It will be a six-club league, the cities already provided for being Akron, Canton, Newark, Lima and Marion. The sixth city will be selected from Springfield, Findlay or Piqua, chances favoring the former place.

A. L. Lawson, president of the new league, visited in the city today and completed arrangements for having a local club in the circuit. Dr. Leon Van Horn, of Philadelphia, will be the backer of the local club and as soon as possible will sign a player-manager who will be instructed to sign a fast team at once.

While in the city President Lawson signed a lease for the ball grounds at Lincoln park, this being closed with the park commission.

The promoters of the league are much encouraged over the local situation. The park will be much better located than the old park, the distance not being near so far. Street car accommodations will also probably be provided to take the patrons very close to the park entrance.

Much local interest is being manifested and fans are growing eager for the opening of the season. C. B. Huntress, secretary of the chamber of commerce, is assisting in boosting the enterprise. All of the towns entered in the new league are live ones and no reason can be seen for the patronage not being sufficient to make it at least self sustaining for the first season, local fans declare.

BRITISH MINERS PROTEST AGAINST A MEXICAN LAW

(Associated Press Telegram)
El Paso, Tex., April 8.—British mining men of the Durango district today sent to Sir Cecil Spring-Rice British ambassador to Washington a protest against the amendment to the Mexican mining law, recently adopted by the Villa government. The protest was drafted by the British vice consul at Durango City.

The mining men asserted that it would be impossible to comply with the law, which requires that all properties shall be worked continually with government confiscation as a penalty if such work is not performed.

Doctors Said He Had Dropsy

Some time ago I had an attack of grippe which finally settled in my kidneys and bladder. I doctored with the doctors and they claimed I had dropsy; I tried other remedies and got no relief from any of them. My condition was such that I was unable to work for about two months and the annoying symptoms caused me a great deal of trouble and pain. I was hardly able to turn over in bed. Seeing one of your Almanacs, I decided to give Dr. Kilmer's Swamp-Root a trial and after taking several bottles was able to resume my work again. I cannot say too much in praise of your Swamp-Root as the results in my case were truly wonderful.

Yours very truly,

Frove What Swamp-Root Will Do For You
Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Newark Daily Advocate. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

GOOD REASONS

why you should carefully consider the advantages offered by this Home Building Association Company of Newark when you are thinking of investing some money:

The majority of investments are far too permanent. To place your money in the average business enterprise is one thing; to get it back again when you badly need it is another.

During more than a third of a century's business no depositor in this "Old Home" has ever been asked to wait for his funds when he called for them.

During this third of a century our patrons have always enjoyed the protection of first mortgage security and the regular payment of 4 per cent interest.

Is it any wonder that those who are investors here today number into the thousands?

SPORT BRIEFS.
Schweitzer, former Newark player and Jack Compton, old Lancaster pitcher well known to Newark fans, figured in the Dayton defeat of Columbus yesterday.

The Columbus team returns home after today's exhibition game at Dayton and after several exhibition games on the home lot the season will be formally opened a week from tomorrow.

Johnny Shovelin with a two base drive in the Dayton exhibition aided Columbus in scoring the Columbus tally, five in number. His teammates did not respond with sufficient aid to tie the score or win the game.

Indianapolis has wound up its exhibition tour which started in California. The team arrives today at Indianapolis.

JOHNSON TELLS FIB IN ASKING FOR PASSPORT

Havana, April 8.—Jack Johnson, who lost the heavyweight pugilistic championship to Jess Willard last Monday, yesterday applied at the American legation for a passport for himself and his wife swearing to an affidavit that he had never been convicted of a felony in the United States, that no charge was pending against him and that he was not subject to arrest if he returned to America. Johnson also swore that he possessed American passports when he came to Cuba, but that these had been stolen from him while here. In his affidavit Johnson said he was an American citizen and that he purposed to return to the United States within the next three months.

On these statements passports were made out for Johnson and his wife.

The former champion said he proposed to go from Cuba to Jamaica and thence to England and France, where he hoped to make more money before retiring to the life of a farmer in France.

New Records for Low Score Made In Pool Tournament

A new record for low score was established in the pool tournament at the English pool room in East Newark last night when Walter Spitzer finished a game with the score of 18 in the hole. The high score of 82 still stands. New scores made yesterday were:

C. F. English, 82.
B. H. Kreeger, 78-70.
Frank Bender, 74.
John Briggs, 64.
Geo. Young, 64.
Chas. "Mutz" Brown, 55.

HIGH SCHOOL WINS CITY CHAMPIONSHIP AT MOUNT VERNON

Mt. Vernon, April 8.—The High School won the city championship at basketball yesterday by defeating the Mt. Vernon team by a score of 29 to 15 in the third and decisive game of the series. The High School was re-inforced by Luther and Tressel of Mansfield, while the Mounts had Walters of Columbus in their lineup.

NEW RELAY RECORD.
(Associated Press Telegram)
New York, April 8.—Members of the second naval battalion claimed today that their four men team had set a new world's indoor record in an 889 yard relay race in Brooklyn last night. The sailor athletes covered the distance in 1:33 1-5, which clipped one-fifth of a second from the previous best time.

Gastronomically speaking, a round steak will generally make a square meal.

POWELL IS FIELD BOSS AT CANTON; OTHERS SIGNED

Canton, O., April 8.—Earl Powell, East Liverpool resident, who has played professional baseball for the past four years, Wednesday accepted terms with the Canton club of the recently organized Buckeye league. He is a first baseman and outfielder and upon the receipt of his contract K. G. Paige, backer of the local club, appointed him field manager. Paige will manage the Canton team from the bench.

Two other players have agreed to join Canton in June. They are pitcher William Gleason, a former Dartmouth college star, and William McMillan, an outfielder. They live in Boston and are personally acquainted with Paige, who also has strings out for Jerry Donovan, a pitcher, who formerly worked in the Tri State league and who coached Tufts college in 1913.

With the league season opening May 15, the local squad will do its preliminary work at Meyers lake and will be quartered at the hotel there.

"Canton's squad will be under strict discipline," said Paige. "We will not tolerate rowdism. Proper department will be asked at all times."

A. W. Lawson, league president, will call a meeting this week for the adoption of a schedule for the Canton, Akron, Marion, Lima, Newark and Findlay.

CHICAGO'S NEW MAYOR SAID TO FAVOR BOXING

(Associated Press Telegram)
Chicago, April 8.—William Hale Thompson, mayor-elect of Chicago, favors boxing for Chicago and Illinois. If the sport is properly conducted and regulated, he asserted today. He indicated however, that he intends to leave the question of whether this city is to have the glove sport, with the state legislators. A bill to legalize the sport has been introduced at Springfield.

WILLARD GREETED BY THOUSANDS; HE GOES TO BALTIMORE

Ker West, Fla., April 8.—Jess Willard, the new heavyweight champion pugilist of the world, arrived here late today from Havana. A crowd of several thousand who gathered on the pier to greet the new champion, became so demonstrative that they broke down fences and parted ropes in their eagerness to get near the Kansas giant. The police had great difficulty in preserving order. Willard was surrounded by a throng of cheering, jumping, gesticulating persons, and he was half carried to another end of the pier, where a committee from the Board of Trade bundled him into a carriage for the parade up to the town. A band headed the procession to Willard's hotel and he was given an enthusiastic greeting all the way.

Last night Willard's backers received and answered many telegrams regarding offers of exhibitions while the champion is enroute to the North. After a hurried conference it was announced that Willard and his party will travel direct from here to Baltimore, where the first exhibition by the new champion will be given on Friday night. On Saturday Willard and his party will arrive in New York, where a big welcome and reception is said to have been planned.

Don't Regard the Fly Lightly; His Touch Is Death

YOU have been harboring a potential murderer in your home. You have been exposing yourself, your children, your entire family, in fact, and the visitors who come to an assassin nearly as successful as a poisoner as Lucrezia Borgia was, and he's there today. Even while you read these lines he may be at work. Glance up from the page to where your baby crawls in the sunshine or slumbers in his crib. Is there a buzzing fly upon his chubby cheek or hovering above his ruddy parted lips? Destroy it and lose not a moment in the doing, says Dr. Herbert D. Pease in Good Housekeeping.

During countless ages the fly has been tolerated, smiled at, brushed away gently or slapped at violently, according to the temper of his victim. He has been sung in jingles by minor poets who might have been better employed, acclaimed as a comedian for the amusement of infants, used as a vehicle for the paragon's shafts of wit, even eulogized by pseudo-scientists as a benefactor of the human race without which we were doomed to extinction. And all during the years he has been industriously at work killing us right and left.

MORRIS JOLTED IN ASPIRATIONS FOR WILLARD BOUT

New York, April 8.—Jim Coffey, the "Dublin Giant," administered a severe beating to Carl Morris of Oklahoma in a 10-round bout here last night. Coffey forced the fighting nearly all the way and twice had Morris groggy as the bell sounded.

Coffey made good use of a left jab and a right hook to the head, while Morris, who weighed 228 pounds to Coffey's 200, leaned heavily upon his opponent in the clinches. At close quarters Morris landed many hard body blows.

Coffey was bleeding from the mouth in the second, but in the next round a left hook brought blood from Morris' mouth. Morris was groggy at the bell ending the fourth, and in the fifth was shaken up by a hard right to the body. Morris was hurt in the sixth for hitting in the breakaway, landing a hard right uppercut. A left hook cut Morris' eye in the eighth. The Westerner was staggering at the end of the ninth and he held tightly in the final round. Coffey appeared over anxious at opportune moments.

Both fighters had issued challenges to Willard and a large crowd witnessed the contest.

ENTHUSIASM DEVELOPS IN IRON INDUSTRY.

Cleveland, O., April 8.—The Iron Trade-Review today says: Considerable enthusiasm in regard to the finished material market has developed within a few days, especially in eastern territory. One large plate company in eastern Pennsylvania reports that its bookings last week were the best in six or eight months, running over 100 per cent. of capacity and coming from miscellaneous sources, including some railroad tonnage for repair work which is regarded as encouraging.

Pig iron production showed the largest gain of any month since the improvement began in January. The total output last month was 2,046,280 tons, a gain of 370,688 tons over February. The number of stacks in blast showed a net gain of 11. Inquiry for steel-making pig iron shows considerable improvement and includes large tonnages from Germany and other foreign countries.

"BATCH OF BISCUITS" LECTURE SUBJECT ON NEXT MONDAY EVE.

An unusual opportunity will be afforded the members of the Central Church of Christ and all others next Monday evening, April 12. Under the auspices of the Loyal Men's Brotherhood of the church, Rev. L. E. Brown, of Connersville, Ind., will give his celebrated lecture, "A Batch of Biscuits." Rev. Mr. Brown draws large crowds wherever he goes, and his hearers are always enthusiastic in their praise. The Parker Review, of Parker, Ind., says: "The address of Rev. L. E. Brown was a masterly effort in which the speaker did himself credit and held his audience spellbound." Another newspaper report says: "The subject, 'A Batch of Biscuits,' was thoroughly baked, accompanied by spice enough for good seasoning."

The lecture will begin at 7:45 and will be open to all, both men and women. Members of other brotherhoods in the city are especially invited. No admission will be charged, but a silver offering to help defray expenses will be taken.

REGULATION OF "JITNEY" BUSES.

New York, April 8.—A plan intended to be national in scope for the regulation of "jitney" buses was prepared for consideration at a meeting of the executive committee of the safety first federation of America here today. The committee had received a letter from Harry P. Coffin, chairman of the Portland Oregon public safety commission, saying that traffic accidents have increased there since the "jitney" buses were put in operation.

"STAR—The Pocket-Pat of All Good Fellows"

Men Who Chew Are Men Who DO

NO men more fully enjoy the jolly companionship of good chewing tobacco than the foresters who conserve America's standing timber.

These big, brave, brawny men, as ready to fight a forest fire to a stand-still as they are to take a twenty mile "hike" in the dead of night, are STAR pluggers as well as STAR chewers.

They find STAR mighty pleasant company when they're alone—and when they meet a traveler they're glad to pass their plug to him. They know that STAR is good for one and better for two.

Each STAR plug is thick with a thickness of long lasting, mellow chewing leaf that just suits to a "T" the taste of Americans. Each STAR plug weighs a full 16 ounce pound, every time. Each plug is made clean and kept so; a STAR plug won't dry out like a thin plug—and the taste lasts. It will just take you but a few seconds to cut off a chew of STAR and get it into your mouth—to understand why STAR is the leading brand of the world.

COURT STINGS THE STINGER IN TRADE WAR OF ADDERS

ADDERS' ADDING

Another skeleton in the closet of industrial America came to light when the adding machine patents case came up before Judge Kenesaw M. Landis, in the Federal Court on motion for appeal from his famous decree of three words, in a case involving many millions. Imitation machines designed as "knockers" to damage the reputation of a patented device were the skeletons of the courts "decree for complainant" on its charge of infringement was in fact, manufacturers of the comptometer, against the Burroughs Adding Machine Co. How general the use of "knockers" has become in the competition of patented specialties was not stated.

GERMANY STILL AT PEACE WITH NETHERLANDS

(ASSOCIATED PRESS TELEGRAM)
London, April 8.—Rumors were current in London today of a declaration of hostilities between Germany and Holland. They were, however, absolutely without confirmation and discharges from The Hague received late this afternoon ignored any such development.

The minister of the Netherlands, in London when questioned, said he had heard rumors to the same effect. He had no information on the subject himself, but absolutely discredited the report.

One of these rumors was that Germany had seized a strip of Dutch territory south of the Scheidt river.

Telegrams from Holland say that for several days the Germans have been strengthening their guard along the Dutch frontier.

CHINA'S PRESIDENT HAS BORNE BRUNT OF NEGOTIATIONS

Peking, China, April 8.—The Chinese statesman who has borne the brunt of the negotiations with the Japanese envoys is Yuan Shi Kai, the president of the republic. He has carried the entire responsibility of the negotiations for China and virtually alone has obtained the best terms he could. During those days the president has often sought foreign advice. Only this week he received two foreign advisers and was advised by them to oppose to the other. He followed neither, but continued on a course, the purpose of which evidently is to offload China protection by continued negotiations and concessions. Consequently China is today discussing with Japan certain of the Tokyo demands which she at one time refused to even consider.

Read this:

William H. H. Deenis, 50 German street, Newark, says: "I had such a bad back I couldn't work. If I tried to bend, a sharp stitch caught me and almost doubled me up. Nights I wasn't able to sleep from the dull pains across my loins and in the morning I couldn't put my shoes on. My wife often had to assist me to dress. The kidney secretions passed too frequently every night and got me out of bed. The secretions also contained heavy sediment. I failed to get my benefit from the different remedies I tried until a neighbor told me about Doan's Kidney Pills. I used three boxes; the first didn't help me much, but the second did and the third made a complete cure. Today I am in good health and have a strong back."

L. & N. RAILROAD WINS A BIG SUIT IN FEDERAL COURT

(ASSOCIATED PRESS TELEGRAM)
Montgomery, Ala., April 8.—Judge Grubb, of the federal district court at Huntsville, has dismissed thirty-four suits brought against the L. & N. railway by English, French, German and Italian cotton firms who did business with the bankrupt firm of Knight, Yancy and company of Huntsville, and Decatur. The suits involved more than \$3,000,000 and plaintiffs sought to fix responsibility for their losses on the railroad because of alleged negligence in the handling of bills of lading.

BELGIANS REPORT DRIVING OF ENEMY FROM YSER CANAL

(ASSOCIATED PRESS TELEGRAM)
London, Apr. 8.—The Belgian legation here has received a telegram from the Belgian minister of war, dated yesterday, which reads:

"The western side of the Yser canal, in the direction of Drei Grachen has been completely freed of the enemy by Belgian troops. The Germans fled in disorder leaving behind the machine guns and ammunition.

"Today passed off quietly. The hostile artillerymen showed very little activity."

A bottle of wine left in Philadelphia when the British evacuated that city during the Revolution has been given to a local society and will be drunk in 1932, when the society will celebrate its centennial, and the wine will be 214 years old.

A Place For All Things.

Willoughby was nervously watching the time, and as the minutes passed and it became evident that the train could not by any possibility reach its destination on time he turned viciously to the porter and began angrily:

"Of all the dud binged old leaps of Junk this side of the earthquake belt this railroad of yours is without any exception the—"

"Excuse me, boss," said the porter, with a courteous wave of his whisker toward the rear end of the train. "But dere's an observation car on de end ob dere yere train, sub, an' if Ah might take de liberty ob makin' a suggestion, sub, you might go back dere, sub, an' make de observations now risin' in yo' midst. De presence ob ladies on dis yere car, sub, is mahl exlusie fo' makin' de suggestion."

Whereupon Willoughby retired to the rear platform and strewed his observations along the track with such effect that one of the ties was seen to be smoking long after the train had passed it—Harper's.

Rivalry In Prayer.

Turkish dignitaries comport themselves toward European representatives now otherwise than some of them formerly did. Sir Henry Layard tells an amusing encounter between Charles Atson, then chief interpreter at the British embassy, and the grand vizier, to whom Sir Stafford Canning had sent him on important business. In the middle of a discussion the Turk rose from his seat and said his prayers on a carpet spread by an attendant, concluding with the curse on all Christians very emphatically uttered, and going through the motion of spitting over his right and left shoulders in abhorrence. Atson was equal to the occasion. Presently he, too, left off business to pray in a corner, doing it in Turkish and invoking curses on all followers of Islam. To the scandalized Pascha he explained that Christians also had their religious duties, and he had no doubt the formal curses of their prayers meant as little as the Moslem medan's.

The Kind of Eggs He Wanted.

A New York business man has a very delicate boy who is fond of eggs. Now, the father is suspicious of any eggs found within city limits. To his great gratification, therefore, he not long ago discovered what seemed to him an honest marketman.

"Can you furnish me with fresh eggs?" demanded the business man.

"Yes, sir."

"Perfectly fresh?"

"Perfectly."

"Laid the same day?"

The marketman seemed a bit doubtful as to this. "I could hardly guarantee a large quantity that way," said he.

"They must be perfectly fresh," added the father. "They must be three in number, they must be laid the day they are left at my door, and they must be one hen's eggs."—Lippincott's.

Racial Differences as to Humor.

The comparative seriousness of the English and French races is illustrated by their mental attitude toward their respective instruments of capital execution. Sometimes during the Christmas season in Paris little crowds may be seen gathered in the streets around a toy which seems to amuse them very much. This is a miniature guillotine, in complete imitation of the real thing and it is caused by the men who are vending it to deprecate a mannikin of leading to the great delight of the crowds that the guillotine is not a new toy in France. During the reign of terror little copper guillotines were worn as charms, and during the last century delicate women in the cities of France wore the same strange ornaments.

So far as known, the English speaking race has never converted its gallows into a toy.—Boston Post.

Conventionalities of Speech.

Nothing is easier than to fall into conventionalities of speech, and nothing so impoverishes conversation. A generation ago it was customary to thank a person for a service rendered. Now we thank him "very much," although the service be no more than picking up a pencil. Also it is "awfully good" of him to hold the door open for us or to give up his seat in a car. An amusing story is sure to be applauded by the issue "Oh, that's lovely!" At least let us pray that we may never be the party of the second part in "How's your mother?" "Nicely, thanks."—Youth's Companion.

"The Charles Dickens Train."

A friend of mine who was connected with the London and Northwestern railway for over forty years was traveling to London on the "Charles Dickens" train. Before starting he strolled up the platform as usual to have a look at the engine. "Well, driver," he said, "how much of the original engine have you there today?" "Praps the whist, sir," said the driver.—Manchester Guardian.

Floral Scandal.

"You can't paint the lily," declared the rose.

"Maybe not," responded the aster. "But have you noticed?"

"Noticed what?"

"The lily pads?"—Washington Herald.

Common Housefly A Worse Pest Than the Tsetse

A RECENT editorial in the Medical Record suggests the slogan, "No flies, no disease!" This editorial urges that we follow the fly to his breeding place and make it decent and sanitary. In it we are told we must get rid of "the unsightly, disgusting, and annoying pest, the common housefly." All refuse and decaying material and all vegetable and burned waste should be removed and be buried or covered with lime or kerosene oil.

"This is a very good plan," argues the medical profession, "but one family that is careless about the disposal of garbage can breed more flies than an entire community can kill." Then, again, our typhoidal housefly, unlike the tsetse fly, does not convey its delicacies of fever, dysentery, tuberculosis, etc., in single doses by direct bite, but administers them to us with a large mass of insolent indifference in our food and drink. The tsetse fly is harmless after it has bitten a victim, and its bite would have no evil effect unless it again acquired a new supply of the trypanosome (the germ of sleeping sickness), but every bite from the germ carrying tsetse fly is fatal, as no remedy has been discovered that will check the ravages of or cure this terrible disease.

CLOSED DOORS ON INQUIRIES OF COMMITTEE

(ASSOCIATED PRESS TELEGRAM)
Columbus, April 8.—Behind closed doors the Wm. W. Lattanner committee, which is investigating the state banking department as conducted by former Superintendent R. W. Lattanner, conferred today with the new superintendent, Harry T. Hall. It was said records of the department during Lattanner's administration were read into the committee's formal records. Much correspondence between Superintendent Lattanner and liquidating officers of banks, or bank examiners, was examined by the committee, it was reported.

First Circus Is Scheduled; Will Show on May 3

The arrival of spring was duly confirmed today with the announcement that the Hagenbeck-Wallace circus would show in Newark Monday, May 3. A representative of the circus closed a contract with John Hershberger for the show ground located at the end of West Locust street, west of the street car barns. The first advertising car is expected in Newark within a few days to bill the town and surrounding country.

Mandot Matched With Fred Welsh

(ASSOCIATED PRESS TELEGRAM)
Superior, Wis., Apr. 8.—On his arrival in Superior today, Tommy Walsh, manager for Joe Mandot, who will meet Pat Brown of Hibbing, Minn., in a 10-round, no decision bout here Friday night, announced that Mandot was matched to meet Freddie Welsh, the middle of May, in Memphis. The New Orleans boxer boy is scheduled to box Johnny Griffiths in the same ring, May 3.

The best way to preserve your neutrality is to keep your mouth shut.—Wheeling Register. Yes, and your reputation too, at times.

This notice is printed for the benefit of both men and women. Bachelor girls outnumber marriageable men in San Jose, Cal., three to one.

Rumor has it that Huerta has sailed for the West Indies with Mexico as his ultimate destination. Poor old Mexico! How her troubles multiply.

They say there's nothing in a name but that's hardly true. Take Przemysl for instance and look at all the free advertising she received simply because of that awful collection of consonants.

The Dress Suit.

(The Indianapolis News.)

The first dress suit is viewed with much the same feeling as a boy's first pair of long trousers. It is the turning point. It takes a lot of courage for the average man to realize that he has grown so undemocratic (so he calls it) that he must have a dress suit. For truly, it is no plebeian outfit. After having the suit sent home from the tailor's the owner pulls it out of the box and, donning it upstairs, walks sheepishly down so that his wife may pass an opinion. A dress suit wouldn't be so bad were it not for the fact that the coat is all cut away in front. It makes a neophyte feel as though he were not completely dressed. Then those long tails hanging down behind where once was the short business coat make the wearer feel that his suit doesn't fit.

Dress suits have all sorts of effects on the appearance of a man. His self-consciousness is expressed in his every action. If a man be elongated the dress suit adds to the elongation, giving him the appearance of a long penwiper, all done in black. If he be fat the appearance suggests lines of a big, fat, juicy, contented possum. It is the medium-sized man who takes on immediately the appearance of a well-fed—perhaps corn-fed—old crow.

Fatherless Children.

How rapidly does a good idea spread. Two years ago Ohio adopted the first "mother's pension law," as it is called. There had been a measure in the city of Chicago along the same lines, and similar bills had been considered by a number of serious thinkers, but Ohio was the first state to step into the ring with a complete code dealing with the fatherless child from every aspect, and providing a means of supporting such children through other means than by sending them to a public institution. Today, twenty-two states have laws of one kind or another looking to the same end. It is doubtful if any of them is so thorough or even so wise as Ohio's law, but it shows how the idea of a mother's pension law has spread all over the nation.—Dayton News.

Ohio.

Ohio is a manufacturing state. It is a state with thousands and thousands of corporate citizens. It has more cities than New York; it has more cities than Pennsylvania. In these cities are the corporations, and the corporations Ohio depends on for an unlimited degree for its prosperity. Let the Republicans, therefore, give heed to the needs of these corporate citizens, give heed to the wishes of the people as expressed at the polls, and pass such laws as are needed to let the nation see where Ohio stands.—C. C. Philbrick's "Week," Columbus.

Price Standards.

It is claimed that 111 members of the new Congress have signed their intention to support legislation designed to permit the establishment of price standards by the producers of the goods thus standardized. When it is accomplished without in any way preventing competition among rival producers, the legitimacy of price-fixing is unquestioned. The Supreme Court has gone so far as to declare that even a patent or copyright would not authorize the producer to establish resale prices for his product, and legislation is necessary to give such authority. The

assertion of the producers of standard-price articles, sold under competitive conditions that the practice of price-cutting injures them without conferring any corresponding benefit on the consumer, seems to be justified, and their demand for remedial legislation appears to be entirely fair.—Philadelphia Record.

Cleaning the Streets.

According to a recent issue of a technical magazine, a vacuum street cleaner has been invented which has overcome the difficulties involved in constructing such a device. It is said that the machine loosens and breaks the dirt up on the street draws it up and deposits it in a receptacle carried at the rear of the apparatus. The lower ends of the intake pipes are made of flexible material so as to allow for irregularities in the surface of the road and the pipes at the side of the truck are so made that they are not injured by striking the street curb. One engine supplies power for both propulsion and cleaning. The brushes and intake pipes are easily raised and lowered by the driver and can be varied in pressure and speed to suit the character of the street.—Zanesville Signal.

England's Food Supply Helped.

The immense Salisbury estate at Hatfield, which has long been one of the show places in England, and which has kept its herd of deer chiefly for ornament, has now imported an agent who is making a specialty of breeding them for venison and supplying as many as can be spared for the London market. To mention some of the specific instances the Earl of Portsmouth in Sussex, who always has been a purveyor of all sorts of farm products, has gone in more than ever for chickens and venison.

On the neighboring estate of Melville Port, where there are no deer kept, but where there is a famous trout stream, the fish are being more carefully preserved than ever and sent regularly to the market. The same probably is true all over England, because the Smithfield market in London is more stocked with venison and game than ever before, and all country estates where there are game birds, fish and venison are turning their attention more and more to breeding for the markets.—Washington Star.

Mexican Situation.

The Mexican situation is, of course, about as bad as it could be. It is easy to believe most of the stories told about all the factional leaders, and their methods of conducting war. But it is not easy to see what we can do about it. It is surprising to learn that there are still 2,000 Americans in the Mexican capital, and 10,000 foreigners of 17 nationalities. They certainly give evidence of their capacity for endurance. There has been war for more than four years, and for a year or more there has been a close approximation to anarchy. For us to occupy the country would be an enormous undertaking; undoubtedly all factions would combine against us; and if we went in we should have to occupy the country permanently, or sooner or later we should have to withdraw, and then every Mexican who could be suspected of friendliness to us would be a target for attack.—Philadelphia Record.

AT THE DENTIST'S.

If you would see all kinds of woe, all standard brands of fear and gloom, just visit, for an hour or so, the painless dentist's waiting room. How tragic are the faces there, how poignant are the deep-drawn sighs! And you may see the heart's despair look bleakly forth from shrinking eyes. There heroes wilt and mop their brows, and mighty captains walk the floor, and frame a lot of

pious vows to seek the dentist's shop no more. A Cromwell, in the dentist's chair, looks not like one who could command; he wrings the moisture from his hair with quivering and nervous hand. And there, Napoleon, too, I think, would look absurdly cheap and small; and he would in the shadow sink, and wish he hadn't come at all. The gorgeous beauty of the stage, when the dentist looks her age, and this is the worst a man can say. Men drop their masks and cease to pose even in the waiting room so dead, and murmur, as each victim goes, "My turn is next, I sadly fear!"

ENRICH THE BLOOD

Hood's Sarsaparilla, a "Spring Tonic" Medicine, is Necessary.

Everybody is troubled at this season with loss of vitality, failure of appetite, that tired feeling, or with bilious turns, dull headaches, indigestion and other stomach troubles, or with pimples and other eruptions on the face and body. The reason is that the blood is impure and impoverished.

Hood's Sarsaparilla relieves all these ailments. It is the old reliable medicine that has stood the test of forty years—that makes pure, rich, red blood—that strengthens every organ and builds up the whole system. It is the all-the-year-round blood-purifier and health-giver. Nothing else acts like it, for nothing else is like it. There is no real substitute; so be sure to get Hood's. Ask your druggist for it today, and begin taking it at once.

A very pleasant surprise was given Mrs. Levi Frenier at her home in Granville street on Wednesday afternoon by the members of the Women's Relief Corps. At noon a dinner of pretty appointments was served the following: Mesdames Baker, Thrapp, McConnell, Krebs, Sullivan, Wilson, Wiley, Jacks, Mitchell, Coke, Taylor, Oden, Clemings, Allison, Whitten, Melick, Eler and Grant.

LEONARD-DAWSON.

On Wednesday evening at 8 o'clock, Rev. Charles Laughlin, pastor of the East Main Street M. E. church, officiated at the marriage of Mr. Herbert Leonard and Mrs. Blanch Dawson. Mr. and Mrs. Leonard will make their home in Channell street, the bridegroom being an employee of the Wehrle company.

BINGER-SHOMAKER.

Rev. Charles Laughlin solemnized the marriage of Miss Marie E. Shomaker, daughter of Mr. and Mrs. L. E. Shomaker of the Hebron road, and Mr. Carl W. Binger, cutter at the Midland Shoe company, on Thursday morning at 11 o'clock.

Mr. and Mrs. Binger will reside in 118 Weiant avenue.

Mr. Bert E. Williams of the Broad Street Presbyterian church of Columbus will give an organ recital, assisted by Prof. Hoppe of Granville as reader, and Mrs. J. C. Bonshire soloist, in the Second Presbyterian church on April 15, at 8 p. m. The musicale will be under the auspices of the investigators' club, and a free will offering will be taken for the benefit of the Public Library.

KELLEY-APPELEGATE.

Rev. W. D. Ward, pastor of the Central Church of Christ solemnized the marriage of Miss Nellie Applegate and Mr. Harry Kelley on Wednesday evening, the wedding taking place at the bride's home in Broad street. The bride is the daughter of Mr. and Mrs. J. N. Applegate, while the groom is the son of Mrs. H. G. Kelley of DeCraw avenue. Mr. and Mrs. Kelley will make their home at 59 James street.

ROWLAND-HUFFMAN.

On Wednesday evening at 7:30 o'clock, Mrs. Helen Huffman and Mr. John W. Rowland were married by Rev. D. A. Greene, pastor of the Woodside Presbyterian church. They were attended by Mr. and Mrs. Ray Berger and will be at home at 237 North Eleventh street. Mr. Rowland is employed as a carpenter.

MILES-DAVIS.

The wedding of Miss Hazel Davis and Mr. John Miles took place on Thursday morning at 10 o'clock at the parsonage of the Second Presbyterian church. Rev. Don Tullis solemnizing the marriage.

The bride wore a traveling suit of blue and wore a corsage bouquet of lilacs of the valley. Mr. and Mrs. Miles will be at home to their friends after May 1. The bride has been employed in the office of Dr. Carl Evans, while the bridegroom is an employee of the Pharis Rubber company.

The Newark Federation of Women's clubs has issued a letter of greeting to the business men and women of Newark. They ask that all have their caretakers keep the sidewalk neat and clean and refrain from sweeping litter into the streets or alleys. Also it is asked that the teamster, who hauls away the garbage, be required to cover the contents of the wagon while hauling. Many complaints have been made that clean lawns and streets are strewn with paper and rubbish, which is spilled or blown off of carts as they make their way to the city dumping ground. This letter has been issued by the civic committee of the city federation.

An enjoyable social time was held at the home of Mr. and Mrs. Austin Binger in Dewey avenue, Wednesday evening, honoring Mr. Carl Binger and Miss Marie Shomaker with a miscellaneous shower. The evening was spent renewing old acquaintances, music and a general good time. The happy couple were the recipients of many beautiful presents. At a late hour dainty refreshments were served. Mrs. Binger was assisted by Mrs. Clark Shira, Mrs. William Austin, Mrs. E. T. Ryan, and Miss Hattie Leach.

Those who enjoyed the evening were: Messrs and Mesdames H. B. Morris, E. F. Ryan, J. C. Montgomery, Herman Dickerson, William Austin, Mesdames Ben Brown, Hendrean,

Swern, Wilson, J. McKittrick, L. D. Hague, J. U. Barbee, J. B. Mitchell, J. C. Jackson, F. F. Funk, Fred Chapman, S. Reagan, C. McKnight, M. Oden, J. Braden, Lewis, Evans; Misses Marie Shomaker, Edith Hague, Florence Wagner, Edith Funk, Sarah McKittrick, Alice Woodruff, Hattie Leach, Mary Barbee, Anna Barbee, Pearl Kendall, Hester Shomaker, Stella Binger, Gertrude Austin, Messrs Noah Skinner, Carl Binger, Delvin Shoemaker, Homer Grey, John McKittrick, Daniel Ryan, Clyde McKnight, Burr McKnight, Harry Binger, H. C. Helsley, Austin Binger.

HUGHES-CRAWMER.

The marriage of Mr. William E. Hughes and Miss Edith Belle Crawmer was solemnized Wednesday evening at 6 o'clock by the Rev. R. C. Bowden at his home in North Tenth street. Miss Crawmer is the daughter of Mr. and Mrs. N. F. Crawmer of North Pine street and the bridegroom is the son of Mr. and Mrs. W. H. Hughes of North Eleventh street. Both young people are highly respected and deservedly popular among the younger society folk of the city and their many friends are showering their congratulations.

They will make their home on the Hughes farm at Clay Lick.

The annual president's day was given at the home of Mrs. Fred Woodbridge in East Main street on Wednesday afternoon by the members of the Progressive club. According to custom a play was given and proved exceptionally successful and delightful under the direction of Mrs. U. O. Stevens. It was a comedy playlet, "Waiting for the Trolley," and the chosen cast of characters was admirable in the depiction of the comedy.

Trolley Pickles, lunch counter girl—Mrs. U. O. Stevens.

Terry O'Shea, the station boy—Mrs. Charles Allen.

Luella Lovebird, the bride—Mrs. Grove Montgomery.

Tom Sweet—Mrs. W. H. Lewis.

Hiram Hoskins—Mrs. F. M. B. Windle.

Mr. Lovebird—Mrs. H. P. Scott.

Nervous Gentleman—Mrs. Frank L. Johnson.

Hans Pfeffer—Mrs. Merrill Montgomery.

Percy—Mary Owen.

Miss Sharp—Mrs. Lawrence Kreig.

Percy's Mother—Miss Mary Miller.

Woman Passenger—Mrs. Charles Wesson.

Betty, Hetty and Letty, suffragettes—Mrs. J. W. Eade, Mrs. W. W. Ward and Miss Helen Tucker.

Following the play, the banquet was given, the appointments being in pink, the president's table was centered with pink roses honoring the president, Mrs. H. P. Scott. The place cards, the work of Mrs. Scott, were especially clever illustrating the play. Pink candles lighted the tables. Mrs. F. M. B. Windle was toastmistress and the following toasts were given:

To our President—Mrs. W. W. Ward.

To our Guests—Mrs. Channing Thompson.

To our Hostess—Mrs. J. M. Mitchell.

Club—Mrs. E. S. Miller.

Federation—Mrs. F. L. Johnson.

John Green.

John Green, a former resident of this city, and an employee on the Ohio canal many years ago, died yesterday at his home at Carbon Hill, near Nelsonville, O., after suffering for several weeks with a severe attack of the grip. He was aged 70 years and was the father of Joseph Green, of Newark, and grandfather of Miss Edith Green, clerk in the court of Justice P. S. Scott. The funeral will be held Friday at noon at Carbon Hill.

Card of Thanks.

We wish to express many thanks to all the people of Newark also the people of Jackson town for the many floral offerings also to the singers, and Mr. Criss for his kind service

throughout the sickness and death of my son Guy C. Chran. Mother and Roxie. 112

Theft of Three Bicycles Charged Against Phillips

Isaac Phillips is charged with the theft of three bicycles within the past week according to affidavits filed before Mayor Bigbee Wednesday. Phillips was arraigned on one of the three charges in police court Thursday morning. He was held to the grand jury under bond in the sum of \$200. The other two cases will be called to the attention of the prosecutor and the grand jury will investigate those cases too.

The affidavit on which he was prosecuted was signed by Harold Vantassel, who charged Phillips with the theft of his wheel. The other two charges were filed by Raymond Allison and W. R. Painter.

Burt Haddock who was arrested with Phillips was dismissed from custody.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

LEE TO LEAD FIGHT FOR FULL RETURN ON \$750,000 FEES PAID BY AUTOMOBILISTS

Richard H. Lee of Cleveland is the new president of the Ohio State automobile association, having been elected at the state convention at Toledo.

Lee is now president of the Cleveland Automobile club and his election as head of the state organization is a result of his valiant fight on behalf of the automobile owners.

Lee was one of the counsel for the motorists in the battle in the courts which resulted in the Wames law's being declared unconstitutional. He followed this with agitation in the courts and in the state legislature on the subject of automobile and good roads legislation, and the Toledo convention unanimously chose him president to succeed Charles C. Jones of Columbus, who served two terms.

"The automobilists of Ohio in addition to all their other taxes pay \$750,000 for the privilege of driving their cars, and we are going to have something to say for our money," said Lee.

The sessions of the convention which resulted in the Wames law's were held at the Booddy house and there were delegates from 30 clubs representing 125,000 automobile owners in the state. Various phases of good roads legislation and traffic regulations were discussed.

Following is a complete list of the officers elected: President, Richard

H. Lee of Cleveland; first vice president, Royal R. Scott of Toledo; second vice president, Fred T. Cuthbert of Lima; third vice president, A. D. Follett of Marietta; secretary, Fred H. Caley of Cleveland; treasurer, C. Edward Born of Columbus; trustees, three-year term, James H. Allen of Kenton, Emmet Curdin of Lima and Eugene Rheinfrank of Toledo; trustees, two-year term, G. E. Mental of Springfield, Jacob Will of Columbus and C. C. Jones of Columbus; trustees, one-year term, C. C. Kilbury of Toledo, John R. Bentley of Cleveland and C. H. Buttenbender of Elvira.

Next year's convention will be held at Springfield.

WHAT LOCAL Y. M. C. A. HAS ACCOMPLISHED DURING YEAR 1914-15

Things done by the Newark Y. M. C. A. 1914-1915:

- Total attendance at building 52,500. (175 average daily.)
- Mighty-seven meetings held in the building by civic and church organizations.
- One hundred and three transients in need received help, food or bed or both.
- Seventy-four boys and men secured work of some kind.
- Eighty-five boys in the Bible classes.
- Two hundred and thirty-nine men used dormitories.
- Nine hundred and fifty attended five social events.
- Two hundred and seventy-four attendance on 16 hikes and camps.
- One hundred and twenty-six foreign speaking men in night classes.
- Seven thousand three hundred and twenty-seven total gymnasium attendance.
- Ten thousand three hundred and twelve baths taken. (Partly estimated.)
- Twenty-eight athletic teams used dressing privileges.
- Total number using lunch counter, 6,242.
- One hundred and eleven boys and men at seven suppers and Health Talks.
- Twenty-four special talks and addresses made by secretaries.
- Large number of boys were taught to swim.
- Assistance was rendered in all united church efforts and many civic enterprises. Many men were directed to church attendance and many boys and men have shown evidence of change in manner of living because of the Association's influence. Hundreds of inquiries were answered and all kinds of information given. Ball scores were posted in season and a clean meeting place was provided for all boys whether members or not. The Association was largely used by all classes of people as a meeting place. Farmers called for workmen and were put in touch with them. The employment department assisted the Associated Charities in placing men and boys in work.
- The board of directors spend next week in raising the current budget. What will you do?

25 Years Ago

(From Advocate, April 8, 1890)

Mr. John Eaton, the well known grocer of the East End, was united in marriage this morning to Miss Ann Schvonn at the parsonage of the German Lutheran church.

While Lee Loughman and Henry Pfeffer were driving along West Main street last evening, the horse became frightened and threw the occupants out of the buggy. Mr. Loughman received an ugly cut in the head.

Mr. George Tenny, while trolling at the reservoir yesterday caught a 7 1/2 pound bass.

Messrs. M. M. Miller, Henry Scheidler, C. S. Brady and Charles W. Miller were in Columbus today.

15 YEARS AGO TODAY.

Grant wrote to Lee that he would accept surrender of officers and men and would meet Lee at his convenience. Lee replied that the emergency did not call for surrender, but he would meet Grant to discuss a general peace. Sheridan's cavalry crossed Lee's route of march.

Canby opened heavy bombardment of Spanish Fort, Mobile, with ninety land guns and fire from about twenty warships. At sundown Federal troops broke through the intrenchments, and the Confederates evacuated during the night.

CORNS LIFT OUT

Dr. Hunt's New Penetration Method Loosens Them Root and All. FULL SIZE BOX 10c.

No corn ever went so easily, quickly or surely as by Dr. Hunt's new way—the penetration principle of permanently curing corns. Dr. Hunt has devoted a life of study to this one subject. The final result is this entirely different method—a method by which corns GO forever in two short days.

Dr. Hunt's New Corn Cure comes in a simple plaster form. Six plasters in a box. Cut plaster size of corn and apply it. Doesn't "bake" like clumsy pads. Contains no caustic to smart or cause blood-poisoning. No yarning necessary. Wear any shoes. Ease comes the moment you apply this new remedy. You walk in comfort. You forget your feet. In two days corn lifts out. Nothing like Dr. Hunt's New Corn Cure has been known before. It is an entirely new principle. Millions of packages have already been sold. Cures any corn. They must go. And the price is only ten cents a box. Guaranteed or money back. That's very little to pay for foot comfort. Sold by druggists and shoe dealers everywhere. Cure your corns once and for all, this new way. If any difficulty in securing, send 10 cents in stamps for a box, to American Chemical Company, Sidney, Ohio.

RHEUMATISM IN ANKLES

One Bottle of Rheuma-Relieved Women Who Could Not Walk.

Marvelous as this story may seem, it is absolutely true; but this is only one of the many almost magical cures that Rheuma is performing these days. Use of one bottle will convince any sufferer.

Mrs. Gertrude Kozel, Smithfield, Pa., writes: "I had rheumatism for over a year; it settled in my ankles and I could not walk. I have taken one bottle of Rheuma and do not have any more pain, and I can again walk at will."

T. J. Evans and all druggists sell Rheuma for 50 cents. It is guaranteed to cure any case of any kind of rheumatism or money back.

Gratifying relief comes in a day, because Rheuma acts at one time on the kidneys, stomach, liver and blood, and starts to rid the entire system of poisonous uric acid at once.

Your Boys and Girls

If you are careful about how to lay the baby when sleeping you will not have any trouble with outstanding ears. Lay the child on both sides alternately and see that the ears are flat.

When they extend abnormally they can be improved by a slight operation and made to lie flat to the head. This will make them look smaller but the actual size of the ears cannot be changed.

I have seen children of eight or ten years whose faces are a symmetrical flat is, larger on one side than the other—and physicians say this may have come from always sleeping on one side. Later in life when the form of the face is fixed the adult may form any sleeping habit he likes, but the baby should be trained to sleep on either side.

BELIEVES AUSTRIA IS TRYING TO MAKE PEACE WITH RUSSIA

(ASSOCIATED PRESS TELEGRAM)

Turin, via Paris, April 8. — The Gazzetta Del Popolo declares reports that Austria contemplates concluding peace with Russia in order better to defend herself against Italy, are not so visionary as official communications issued at Vienna would indicate. The correspondent of the paper at the Austrian capital professes to have obtained reliable information to the effect that the Austrian government already has opened semi-official pour parlars with two powers of the triple entente and he believes a "dramatic surprise" is possible.

Later an X-ray examination showed that his hip was broken. Mr. Browne is past eighty-one years of age, and consequently the injury is considered serious. He is a Mason and a G. A. R. man.

Housefly Most Culpable of Insects

DR. JOSEPH McFARLAND, professor of pathology and bacteriology in the Medical College of Philadelphia, says that the housefly is one of the most culpable of the insects distributing diseases among men. As an agency for tuberculosis he regards it as especially ugly, and he points to cases where it has been the means of carrying blood parasites from one wound to another.

He says that the tsetse fly of South Africa is dangerous to imported animals only because it has been feeding upon the blood of wild animals that have a taint; that after a few days in confinement the bite of the fly causes little discomfort for animals, the reason being that the poisonous germs in the fly's stomach have been digested. That the ordinary fly is a spreader of disease, too, he shows in the statement that the fly frequently becomes the victim of epidemics that kill men and die from the same diseases that they spread.

SWAT just one fly—

GOLD DUST

—it actually works at hundreds of tasks daily

"Let the Gold Dust Twins do your work" is much more than a popular phrase. It is based on truth, an actuality, for Gold Dust really works.

The millions of women who use it for dishwashing and scrubbing know this. But Gold Dust should be used for cleaning and brightening everything. It is the only washing and cleaning powder needed in any home.

The small quantity required is quickly taken up by hot or cold, hard or soft water—forming a perfect cleaning solution. The valuable antiseptic cleansing agent it contains helps to make things sanitariously clean, as well as bright and new-looking.

BRYAN

WANTS DEMOCRATIC PARTY TO
DECLARE FOR PROHIBITION
IN STATE CAMPAIGNS

Anti-Saloonists Visibly Encouraged
By the Unofficial Stand
Taken By Secretary.

(ASSOCIATED PRESS TELEGRAM)

Washington, April 8.—Anti-saloon advocates here were visibly encouraged today over a statement by Secretary Bryan, expressing the hope that the Democratic party would take the prohibition side in the next campaign in states where saloons are an issue. The statement was issued in connection with a letter Secretary Bryan had written to L. W. Kennington, national committeeman from Iowa, advocating defeat for candidates who would be controlled by the liquor interests.

Mr. Kennington had written that the secretary's name was being used in behalf of a candidate for the national committee. Mr. Bryan declared it seemed improbable that the liquor question would appear in the platform of either the Democratic or Republican party but that there was no reason why a Democratic national committeeman should not represent the party sentiment on the prohibition question.

F. HOPKINSON SMITH NOTED AUTHOR, ARTIST, AND ENGINEER, DEAD

New York, April 8.—F. Hopkinson Smith, author and artist, died last night at his home here, at the age of 77 years.

The genius of Mr. Smith had manifested itself in many branches of activity. His reputation as an artist was only second to that as an author, while as a practical engineer he won high standing. Sixteen years after his birth in Baltimore in 1838 he left school and went to work, first as a shipping clerk and afterward in a metal industry. Subsequently he studied mechanical engineering.

Mr. Smith became the producer of numerous successful paintings and other art work, many of which won recognition at art exhibitions.

It was undoubtedly, however, as an author that Mr. Smith was best known as he was a prolific writer of novels, short stories and books of travel, many of which he illustrated himself.

Not So Very Cheap.

The man who wishes to economize was advised by a friend to go to a certain restaurant.

"Mighty cheap," said the friend. So the would be boarder went there. Next day he met that friend.

"Pretty cheap place, eh?" said the latter.

"Not on your life?"

"What do you mean? Can you get as good soup elsewhere as you can there for the price?"

"Certainly not."

"And did you ever get such roast beef at another place for what you paid at this one?"

"I never did."

"Well, then, why do you say the place isn't cheap?"

"Because," said the man who wanted to save, "while I was eating somebody stole my hat and overcoat!"—New York Times.

A Universal Word.

One of the first words that a baby says is mamma or mother, and it is not strange, therefore, to find it one of the first and simplest words in every language. There is no word easier for a child to say than "ma" unless it be "pa." In Hebrew and Arabic mother is "em" and "am." It is "mam" in Welsh and "moder" in Anglo-Saxon. In other languages it is slightly different, but near enough like our own word "mother" to make it an almost universal word, so that a child crying the word in any language could be understood in almost any other language. Here are a few of the names:

Madr in Persian.	Moder in Swedish.
Madr in Sanskrit.	Moder in Danish.
Meter in Greek.	Moder in Dutch.
Mater in Latin.	Mutter in German.
Madre in Italian.	Mater in Russian.
Mere in French.	Mathair in Celtic.

Dandruff Soon

Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; rub it in gently with the finger tips.

By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

QUICKLY STOPS HEAD COLDS AND SNUFFLES

Catastrophic Germs Cause of Most
Colds, New Germicidal Air
Treatment Best Remedy
For These Common
Affluents.

Reliable authorities say that upwards of 90 per cent of the so-called colds in the head and throat are in reality dangerous indications of the presence of acute catarrh. When you hear a person sneeze or cough it is almost certainly they are throwing catarrh germs into the air for some other person to breathe and it is just as certain that the person breathing these germs will soon have catarrh or a catarrhal cold. The time to make these germs harmless and drive out your catarrhal cold is the very instant you feel a desire to sneeze or cough, or start to snuffle and wipe your nose every few minutes.

The quickest and surest way to stop a head cold and drive catarrh germs out of your system is to pour a few drops of the oil of Hyomei (pronounced High-o-mei) into one of the Hyomei inhaler devices which comes with each large package and place the inhaler between your lips and breathe the germicidal but pleasant smelling air into your nose, throat and lungs. This air utterly destroys all catarrh germ life, quickly opens the closed air passages, makes breathing easy, clears the head, cleans out your throat and ends your snuffling and nose blowing. There certainly is no quicker or more satisfactory way of breathing up a cold, even after it is well started, and a few weeks' use will do away with all danger of chronic catarrh. Sold by druggists everywhere including T. J. Evans who agrees to return the full purchase price to any who use it and are not satisfied. In buying Hyomei for the first time be very sure to get the large size which contains the inhaler as this is very essential for best results.

EAT LESS MEAT

IF BACK HURTS

Take a glass of Salts to flush kidneys if bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad-Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad-Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Some Forms of Rheumatism Curable.

Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and Chronic Rheumatism, Rheumatic Headaches, Sciatic Rheumatism and Lumbago. All of these types can be helped absolutely by applying some good liniment that penetrates. An application of Sloan's Liniment two or three times a day to the affected part will give instant relief. Sloan's Liniment is good for pain, and especially Rheumatic Pain, because it penetrates to the seat of the trouble, soothes the afflicted part and draws the pain. "Sloan's Liniment is all medicine." Get a 25c bottle now. Keep it handy in case of emergency.

BRITISH STEAMER

AT RIO JANEIRO IS
STILL A MYSTERY

(ASSOCIATED PRESS TELEGRAM)

Rio Janeiro, April 8.—The British steamer Isma came into Rio Janeiro today and no sooner had she dropped anchor than speculation was rife as to her real character. She had on board 140 passengers and the captain declares his destination is the Falkland Islands. Lack of coal compelled him to come here. He declined any further explanation, nor has it been possible to learn why such a large number of passengers are going to the Falklands.

British ships are still believed to be in Falkland waters and it is being said here that the Ismaile is a transport taking officers and men to reinforce the crews.

WOMEN AND CHILDREN KILLED AS BOMBS DROP.

(ASSOCIATED PRESS TELEGRAM)

Paris, April 8.—Twelve women and children were killed and 48 others seriously injured by bombs dropped by Austrian aviators in the market place at Podgoritz, Montenegro, yesterday afternoon, according to a dispatch to the Havas agency. Many buildings were destroyed by the missiles, seven of which were dropped from the aeroplane.

DROWNING

OF COSTA RICO'S PRESIDENT IN
WRECKING OF LAUNCH
NARROWLY AVERTED

For Two Days He and His Party
Were Without Food at an Isolated Point.

(ASSOCIATED PRESS TELEGRAM)

San Jose, Costa Rica, April 8.—Alfredo Gonzalez, president of Costa Rica, had a narrow escape from drowning when the presidential yacht was wrecked in the Caribbean, three days ago. He and the members of his party had to swim ashore through a heavy surf to save their lives.

The president accompanied by the members of his cabinet, a group of government officials and several congressmen, went on the government yacht to the Talamanca region, on the Atlantic coast. On their way back to Port Limon, a heavy north-easterly wind and a heavy north-easterly current struck the yacht and she was driven ashore on the rocks. The passengers and crew had to take to the water. They were all successful in getting safely to dry land but found the point where they made shore to be absolutely isolated. It took the shipwrecked party two days, during which time they were without food or shelter, to walk to the nearest point on the railroad from which they could get back to the capital. They came today.

The recital of the dangers to which President Gonzalez was subjected made a deep impression on his countrymen and he was given a rousing reception as he drove through the streets of the city.

FRENCH COMMENT

ON AMERICAN NOTE
CRITICISES GERMANY

(ASSOCIATED PRESS TELEGRAM)

Paris, April 8.—Stephen Pichon, former minister of foreign affairs, commenting upon the United States note protesting against the British order-in-council regarding German commerce, asserts that Washington's scruples are of a purely judicial and commercial character and do not sufficiently take into account the manner in which Germany is making war. At the same time he admits the Franco-British embargo on commerce has resulted in hardships for neutrals, and says:

"We reduced as far as possible our defensive measures against Germany so as not to hamper the legitimate commerce of neutrals and perhaps other concessions are possible in that direction. Our main contention being maintained, this is a point which may be considered, but however desirous we may be to wage war differently from Germany and keep intact our conception of the laws of humanity, we cannot sacrifice ourselves for the pleasure of showing ourselves chivalrous."

POSTAL ACCOUNT

OF J. H. NEWTON
IS CREDIT TO HIM

Wednesday, Postmaster J. H. Newton had at the postoffice for the inspection of the newspaper men, his quarterly postal account, which he had ready to forward to the postmaster-general. It was remarkable for its penmanship, accuracy and uniformity of figures. In fact the report which was compiled by Postmaster Newton looked like a specimen of a writing master's best efforts. The report proves beyond peradventure that Postmaster Newton is fully capable of performing the functions of his office, and he probably puts in as much time in his office, if not more so, than any postmaster in any city of equal size to Newark.

Fortified Tires

Have Pushed Millions
of Rocks from the
Tire Road

They have saved waste and trouble to hundreds of thousands of motorists. The result is that last year, despite some hundred rivals, men bought about one Goodyear for every car in use.

The rocks that remain are Mishap and Misuse. No tire can ever avoid them. But if you'll judge tires by merit, not by luck, you are bound to come to Goodyears. You'll find they average best.

The Rocks Avoided

We have saved millions of rim-cuts, blowouts and loose treads by features exclusive to Goodyears. We have brought you security through our piano-wire base.

Our All-Weather tread—exclusive to Goodyears—has minimized punctures, tread wear and skidding. It is tough and very thick. The grips are sharp-edged and resistless.

All these protections—the best ever developed—are in Goodyear Fortified Tires alone.

3 Price Reductions

Our last big reduction—on February 1st—made the third in two years, totaling 45 per cent. Thus, as our output increases, you get more and more for your money. Be fair with yourself—try these tires. Any dealer will supply you.

IF BILIOUS, SICK OR CONSTIPATED TAKE CASCARETS

Get a 10-cent box now.
You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

TURK STATESMEN IN ROME DENY A SPECIAL MISSION

(ASSOCIATED PRESS TELEGRAM)
Rome, April 8.—Via Paris.—Carrasso Effendi and Midhat Bey, the first a member of the Turkish chamber of deputies and the second former secretary of the Turkish committee of union and progress, are at present in Rome. They deny having any special mission, but it is reported that they appear on the eve of the negotiations leading to the peace between Italy and Turkey.
Referring to the Dardanelles, these two Turks today expressed conviction that they could not be forced, even with a powerful army. They said Turkey had decided to take part in the war the day the German cruiser Goeben was permitted to enter the Dardanelles.

Various Methods Of Killing the Noxious Fly

INSECT powder burnt in a house stupefies flies until they may be swept up and destroyed, states the report issued by the health board of a southern state. Twenty drops of carbolic acid put on a hot shovel or other hot iron create a vapor that kills flies, making a simple and effective remedy.
Another remedy which for all purposes probably has no equal is a solution of a teaspoonful of formaldehyde and sweetened water in an open dish. This mixture should not be placed within the reach of children. Sticky fly paper, fly traps and wire paddles, or swatters, help to lessen the number of the pests.

The swatter is expected to play a big part in the warfare on the insects this summer, as it is endorsed by all the municipal health boards which have considered the problem of how to eliminate the disease spreaders.

What this device is capable of accomplishing can be appreciated when one takes into consideration the wonderful reproductive capacity of the fly. It takes ten or twelve days for the fly's eggs to develop, which means that a dozen generations can be born in a single season.

Swatters will not make possible extinction of the fly tribe, for the only way to exterminate the pests is to destroy their feeding and breeding places, but if used to any extent they will prevent the development of trillions of the insects during the course of a season.

TO JOIN THE RINGLING BROS. AT ZANESVILLE

Matt and "Tutts" Smith, the well-known theatrical men of this city, will leave next week to take up their annual work with the Ringling Bros. advertising department of the big circus. They will join car. No. 1 at Zanesville and after a trip through the east will leave for the Pacific coast, showing at San Francisco for a week. Matt states that he will then get a chance to visit the Panama International Exposition and spend a few pleasant hours with a number of his friends who have concessions there. The Smith Brothers expect to cover over 15,000 miles before the season closes. Ringling Brothers will open at Zanesville with the big top the last week in April, after having shown in the Colosseum at Chicago for two weeks.

SEAT SALE TO OPEN MONDAY FOR "CHIMES"

A great deal of interest is being manifested in the forthcoming reproduction of "The Chimes of Normandy" at the Auditorium theatre on the evening of Thursday, April 15.

Over 75 well known Newarkites are to participate, the cast including Miss Anna Reigger as Germania and Miss Blanche Trost as Serpolette, these two young ladies making a great hit when the opera was produced several weeks ago. Mr. Carl Myers is again cast for Henri Marquis of Corneville, and Mr. M. J. Back for Jean Greincheux, a fisherman. These two gentlemen have splendid voices and their rendition of their different song numbers will be greatly enjoyed.

Mr. John Garrity as Gaspard the miser, was the equal of any professional, and his excellent work in that most difficult part will long be remembered by those who witnessed the charming opera at the Auditorium on St. Patrick's day. Ralph "Bones" Davis will portray The Babi, and that he will again make a

Miss Blanche Trost, as Serpolette, in "The Chimes of Normandy."

hit is a foregone conclusion. He has a natural stage presence and is perfectly at home behind the footlights. John Birmingham as the Registrar and Walter Rauck as the Assessor assist in making several pretty scenes.

The chorus will be one of the main attractions. Composed of over fifty voices it is the equal of any ever heard on the local stage, either amateur or professional. Splendid judgment was exercised in its selection and some of the handsomest young ladies in the city are participating. The men's voices blend in excellent harmony and the opera is bound to prove a big success.

Seats can be reserved at the box office window at the Auditorium Monday morning at 9:30 o'clock. There is no doubt that the players will be greeted with a crowded house.

Director E. P. Gruber has received word that the costumes will be forwarded at once from New York. He has also secured the services of a fifteen piece orchestra. The opera is being repeated for the benefit of the choral society.

(or Black if Preferred.)

Nothing so robs a woman of her good looks and attractiveness as gray, streaked or faded hair. And there is no more reason for this than there is for tolerating unattractive hair than there is for wearing unbecoming gowns. Near is all of the more noted beauties long ago recognized this fact and so wear their hair not only in the style, but also the color, most becoming.
The one hair stain that stands supreme is "Brownstone." It is simple and easy to use. Just comb or brush it into your hair. It can not be detected, will not rub or wash off, and is instantly and is absolutely harmless. "Brownstone" will give any shade desired from golden brown to black. Your druggist sells "Brownstone" or will get it for you, and it is worth your while to insist upon having this preparation and not something else. For you will get 25 cents of it, and you will be filled direct from the factory to you if you prefer.
Tint for Golden or Dark Brown, the other for Dark Brown or Black.
Insist on "Brownstone" at your hairdresser's.
Prepared only by the Kanton Pharmaceutical Co., 401 E. Pike St., Covington, Ky.
Sold and guaranteed in Newark by P. F. Collins, Evans Drug Store and other leading dealers.

A BIG SALE OF WAISTS 98c for Beautiful Waists 98c

Dozens of Models in This Sale
Seldom do you have a chance, just at the beginning of go-without-a-coat weather, to secure values like these.

Newest, daintiest, stylish waists, that we wouldn't usually hesitate marking \$1.50 to \$2.00 and consider good value at that. A lucky purchase makes possible the almost ridiculous 98 cent price.

There are styles for the out-of-door girl, made with long sleeves, mannish tailored effect, pocket, convertible collar with a rather high or low.

There are dressy waists and plainer ones; some effectively trimmed in embroidery and lace, some tucked, some hemstitched, short and long sleeves. A sprinkling of the popular batistes, in white and tints. These pictures cannot do them justice; come, see and you'll surely buy. Every waist means money saved.

Men's Spring Suits PAY LATER

We are doing the biggest men's suit business of our career; why? Because when the men see our values and style, they buy, and when their friends see their splendid suits they hurry here and also buy.
No amount of money will buy better style or more fit, and \$20 will seldom pay for more intrinsic value than we **\$15** give at

New Corn Cure
A Real Marvel

Guaranteed and Absolutely Painless.

A corn cure that is painless and that will really do the work has finally been discovered. Heretofore, the poor sufferer from corns has been pestered with "drawing" salves and plasters that swell the corns and has had finally to gouge out his corn and inflict upon himself still greater pain. With Hall's Painless Corn Cure all pain ceases on the first application and then finally the corn comes right off easily and painlessly. You don't have to dig it out and run the risk of drawing blood, making your corns still more sore or getting blood poison.

Hall's Painless Corn Cure is easier to use than any other: it takes a few seconds to apply it. It is guaranteed absolutely in every case. You must be satisfied or back goes your money.

Lasts longer than several packages of any other corn treatment and you are sure to get rid of corns and bunions. Sold at 25 cents a bottle at

PLUNGE

INTO WAR WITHOUT FIRST EXHAUSTING PEACEFUL MEANS TO GAIN HER ENDS

Is Not Favored by Italy's Statesmen and She Has Thus Far Held Aloof From Struggle.

(ASSOCIATED PRESS TELEGRAM) Rome, April 7.—Via Paris, April 8.—Italy's failure to enter the war up to the present time is explained in official circles as due to the fact that the country's statesmen do not wish to plunge the nation into the enormous risks of war without first exhausting every possible means of obtaining what the people desire without recourse to arms. It is pointed out that in the meantime Italy is gaining every day in military strength and in economic resources by postponing her entrance into the conflict.

Official reports received here from European capitals are said to agree in the statement that the supreme clash between the allies on the one side and the Austro-German armies on the other, which originally seemed certain to take place in May, will be postponed until June or even later. The answer made to those who are urging immediate hostilities is that under the circumstances there is no reason why Italy should hasten her action since the longer she delays, the greater would be her chances of success and the greater the aid she would be able to give those countries on whose side she would align herself. No attempt is made to deny that a war against Austria for which the Italian people long have felt animosity would be popular.

In this connection, it is pointed out that the Italian army has been successfully mobilized without a protest from Austria, the country most obviously threatened. This is taken in some quarters to indicate that the leaders of the dual monarchy are desirous of averting hostilities and that they may yet consent to make the territorial concessions Italy desires.

Every Day Etiquette

"Kindly tell me what should be done when one receives a card announcing the birth of a child?" asked Grace.

"You should call to inquire after the health of mother and child and leave your card. If the mother lives at a distance, you should post your card to the mother and above your name write 'My congratulations.'"

HARRY LAUDER

World-famous Scotch Comedian, says:

"Tuxedo, for mildness, purity and fragrance, THE tobacco for me. With my pipe filled with good old TUXEDO, all my troubles go up in smoke. In all my world-wide travels I've yet to find its equal as a slow-burning, cool-tasting, sweet-flavored tobacco. TUXEDO satisfies me completely."

Harry Lauder

Tuxedo Keeps the World in Good Humor

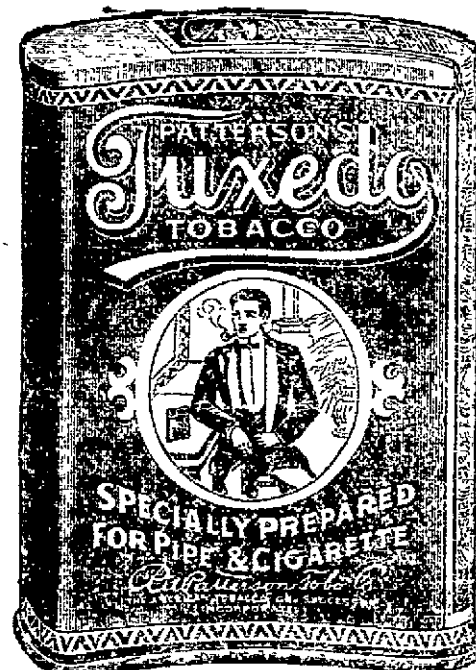

Here is the man whose life work is to make millions of people happy. In pursuing his call, he travels the wide world over. He is a great lover of his pipe, and in all sorts of corners of the earth he has tried all sorts of tobaccos.

What is his unqualified statement in regard to Tuxedo? Read it again: "I've yet to find its equal." This is the frank and candid opinion of thousands and thousands of experienced, judicious smokers. Tuxedo is absolutely the best all-around tobacco that modern tobacco science can make.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Uncorking a tin of Tuxedo is like lifting the lid on concentrated sunshine. And then, when you fire up! Well! The first puff's a revelation, the second's a revolution, the third just gets you happy-like! Then you're off—just as sure as you'll see the green grass and hear the birds sing next Spring.

The exclusive "Tuxedo Process" brings out the unsurpassed mildness, delicate fragrance and mellow flavor of the Burley leaf in a way that has never been successfully imitated. At the same time it refines the tobacco until every trace of harshness and "bite" disappears.

GERMANS REPORT FRENCH ATTACKS TO HAVE FAILED

(ASSOCIATED PRESS TELEGRAM)
Berlin, April 8.—(By wireless to
Saville)—The German army head-
quarters today gave out a report on
the progress of hostilities which
reads:

"The fighting between the Meuse
and the Moselle continued yesterday.
French attacks resulted in failure in
the Woivre district on the heights
of Combrès, near the forest of Selseuse,
north of St. Mihiel, in the Ailly forest,
near the forest of Apremont, to the
north of Flirey and in the forest of
Le Preire.

"French losses on the entire front
again were enormous, without ob-
taining the slightest success.

"A French aviator from Paris com-
pelled to land, said nothing was
known in the French capital about the
French losses in the Champagne
fighting.

"On the eastern front there have
been no developments. The weather
continues bad and the roads are im-
passable."

PROHIBITION
(Continued from Page 1.)

Austro-German force attacked the
Russian flank in the country south of
Cracow and threatened its line of
communication, quickly bringing about
a retreat.

A similar movement might be at-
tempted now, but its chances of suc-
cess probably would not be as great
as before, for the Russian positions
are now heavily entrenched and pre-
sumably could only be dislodged at
the cost of heavy losses for the at-
tackers.

In the West, the French are ham-
mering away at the German wedge
extending to St. Mihiel. The Germans
claim to be checking all these as-
saults, but the French declare that
their advance, though slow, is steady.

The allies are celebrating today the
anniversary of King Albert's birth.
This day also marks the seventh an-
niversary of Mr. Asquith's premier-
ship. Within a few days Mr. As-
quith's term of office will have ex-
ceeded that of Lord Salisbury, giving
him the record for continuous incum-
bency since the reform act was
adopted.

TO ABOLISH
(Continued from Page 1.)

uncontested cases, marriage in many
cases actually is only "legitimized
prostitution," he declared.

Opposition from the Hamilton
county representatives also was suc-
cessful today in killing the White
bill, which sought to place the su-
pervision of maternity homes entire-
ly with the board of state charities
instead of being divided between the
medical and the charities boards.

The house passed the Heinzelman
bill, which authorizes municipal
councils to levy special tax assess-
ment of not more than 3.10 mills to
create a fund for pension of ex-vol-
unteer firemen and their widows.

The house today defeated by a
vote of 78 to 19 the substitute
Tremper bill, passed by the senate
as an emergency yesterday, to ex-
tend for two years the state loan of
\$1,117,000 to building and loan as-
sociations in districts devastated by
the 1913 flood.

Representative Whittemore and
Representative Kramer, Republican
and Democratic floor leaders respec-
tively, objected to re-passing the bill,
which had been passed previously by
both houses with an emergency
clause attached. This substitute
measure was presented because At-
torney General Turner gave the op-
inion that it was not properly passed
as an emergency the first time. The
floor leaders protested against fol-
lowing the opinion of the attorney
general in such minute detail.

The house leaders maintained the
former bill was validly passed.

Representative Whittemore ex-
pressed the opinion that the money
would not be withdrawn from the
building and loan associations, and
that the validity of the first Trem-
per bill would be upheld by the
courts.

The senate elections committee to-
day decided to report out with rec-
ommendation the Wickline bill,
which would reorganize the election
machinery of the state. It was
amended to reduce still further the
salary of members of boards of elec-
tions in the 20 smallest counties of
the state from \$50 to \$30 a month.
The bill cuts from four to two the
number of members of election
boards in all but the five largest
counties and from six to four the of-
ficials and clerks in precincts. It

provides also for a system of absent
voting.

After hearing strenuous objection
from Representatives of street car
and interurban companies, the sen-
ate labor committee today voted to
report out the Ott bill. This forbids
these companies to employ motormen
or conductors more than 11 consecu-
tive hours in every 13 hours and
provides for 11 hours' consecutive
rest in every 24 hours.

Senator Carver's new bill to
amend the Vonderheide conservancy
act, will be given final consideration
by the senate judiciary committee
next Tuesday morning. It was an-
nounced today. Indications were
that the bill would be reported out
at that time without recommenda-
tion, several members of the com-
mittee said.

Rheumatism Beaten
In Newark

Local Case Shows How Terrible Mal-
ady May Be Conquered.

Miss Mary J. Kagey, of 28 Western
Ave., Newark, O., says: "I suffered
so bad with Rheumatism in my limbs
that for a long time it was impossi-
ble for me to walk. I was also bor-
dered a great deal with Rheumatism
in both hands. The pain was terri-
ble. At times I thought I could not
stand it. Nothing gave me relief
Finally I was told to try Lloyd's Kid-
ney & Rheumatism Tablets, the new
scientific prescription. I started to
take them a few months ago and now
I am entirely relieved. I am only
too glad to recommend Lloyd's to
anyone suffering with Rheumatism.
They certainly did wonders for me."

W. H. Mazey Company

by Mr. Ray Evans and Mr. Harvey H. Leist of the First Presbyterian church of Newark. This will be an important service which all the members are urged to attend, and to which the public will be welcome.

Dr. Emory W. Hunt of Boston, who was for twelve years president of Denison University, and afterward general secretary of the American Baptist Missionary society, has accepted a call to the pastorate of the Baptist church in Newton Center, Mass., one of the most important churches in the country. It will be recalled by Baptist readers of the press some weeks ago that Dr. Hunt, as secretary of the missionary society, feeling the need of retrenchment in the home expenses of the society, resigned his position. Rev. A. C. Baldwin, secretary of the Baptist Foreign Missionary society, also handed in his resignation at the same time.

President C. W. Chamberlain will visit Cleveland this week for a few days, where he will be the guest of his brother, Mr. John A. Chamberlain, a prominent lawyer of the Sixth City.

Mrs. Elizabeth Prichard and Miss Prichard were hostesses at a delightful luncheon given yesterday at their home in South Main street to several friends in honor of Rev. and Mrs. E. D. Barnes. Rev. Mr. Barnes is the new pastor of the Presbyterian church. He and his wife are distinct acquisitions to the social as well as the spiritual life of the place. Besides the honor guests there were present Rev. and Mrs. R. W. Wyle, Mr. and Mrs. A. W. Dicken, Miss Taylor and Miss Caroline Perry.

Mr. William Black left yesterday for Bridgeport, Conn., to be with his brother Joe, who is to undergo a serious operation in the hospital at that city.

The Denison Glee club has returned from one of the most successful concert tours ever made by the organization. Loudonville — the old home town of the manager, Kenneth Tillman — turned out en masse to do honor to the son of two of the most popular people who ever lived in the place, and remained to applaud the splendid offering of the club. Toledo turned out an audience of 1,500 people, who expressed unqualified pleasure in the performance. President Chamberlain has received a letter from a prominent physician in Toledo — entirely unacquainted with any one in the club, or with Dr. Chamberlain either — in which he complimented the latter on the character of the representatives of Denison, whose appearance on the platform had especially appealed to him, as being handsome, clean and wholesome, closing with the observation that "their work ought to inspire many young people for a college education." Norwalk gave them a good showing, as did Cleveland and Akron.

The Granville postoffice has been undergoing many changes and improvements at the hands of the Township Trustees. A smooth new floor has been laid, the parcels post room has been moved to the north end of the office and the lock-boxes placed across the south end, which makes the work of the office force much more convenient, and is just as easy for the patrons. Mr. John Geach, the new postmaster, has been in charge since April 1st, and has taken hold of the work with his customary vigor and zeal.

Miss Blanche La Ferre has returned to her home in South Main street, after a three weeks' sojourn with friends in Cleveland.

Mrs. L. H. Cammack of Huntington, W. Va., who has been visiting her father, Mr. Hiram La Ferre, has returned to her home.

About twenty of the Academy young people enjoyed a "bacon bat" at Thorn's Quarry last evening, finding the supper cooked in the open, most appetizing. Miss Clark of the Fanny Doane Home was chaperon, and the following were the guests of Misses Young, Leslie and Martin: Louise Hamblen, Frances and Florence Carner, Margaret Colwell, Margaret Speicher, Josephine Darrow, Dorothy Leslie, Dorothy Martin, Ethel Young, Messrs Harold Phillips, John Hundley, Langdon White, Walter Hilschire, Herman Spencer, Walter Kull, E. Stedman, Halbert Hopkins, Sam Bartington, Morris Cochran. After the supper, the company repaired to the spacious parlors of the Home for a Victrola program.

Rev. Millard Brelsford was called to Cleveland today to conduct the funeral services of Mrs. Jane P. Sperry, an honored member of the East Cleveland Baptist church. Mrs. Sperry was the daughter of Rev. George Sawick, who was one of the leading pioneer preachers of Ohio, and one of the most active men in founding the Granville Literary and Theological institute which later became Denison University. Mrs. Sperry was born in Zanesville in 1827.

Talk about the "transit of Mercury or Venus." Nothing has so appealed to Granville people in years as the transit of Engineer Theodore Johnson in Granville, without the aid of smoked glasses. He is doing a good job — and doing it in record time, and promises the new sewer to the village by August, barring accidents.

The village council met in adjourned session last evening. The members discussed the Broadway paving matter, but no action was taken. An ordinance was passed creating a sinking fund to redeem the principal at maturity of bonds issued to pay the share in the construction of the general sewer system and disposal plant.

Among the students home this week from college are Misses Mary Helen Jones and Helen Miller of Ohio University.

White Man With Black Liver
The Liver is a blood purifier. It was thought at one time it was the seat of the passions. The trouble with most people is that their liver becomes black because of impurities in the blood due to bad physical state, causing biliousness, headache, dizziness and constipation. Dr. King's New Life Pills will clean up the liver, and give you new life. 25c at your drugstore.

Granville

(Special to The Advocate)
Granville, April 8.—The Granville Women's Music club enjoyed a delightful spring program yesterday afternoon, under the leadership of Miss Dora O. Lisle, with the theme well varied by a judicious choice of composers. Mrs. Darrow, the president, opened the program by calling for "Current Events," by Mrs. C. J. Lovelless, then inviting Miss Lisle to take the chair. The first offering was a sketch of the life and work of Robert Schumann, by Miss Lisle, with the musical numbers as follows:

Symphony in B-flat, Op. 38 (Schumann) First Movement, Andante. Allegro Vivace—Mrs. Darrow, Mrs. Strong, Miss Lisle, Mrs. Orcutt. Second Movement, Larghetto. Third Movement, Largo—Mrs. White, Mrs. Strong. Fourth Movement, Allegretto—Mrs. Darrow, Mrs. Strong, Miss Lisle, Mrs. Orcutt.

"Spring" (George Henschel)—Mrs. C. D. Coons.
"Spring," Op. 68 (Schumann)—Mrs. C. B. White.
Two songs by (Huntington Woodman)—Mrs. Theodore Johnson.
"Au den Frühling" (Edward Greig)—Mrs. Alfred Orcutt.
"Song of April," "March Wind" (Mary Turner Salter)—Mrs. C. D. Coons.

"Spring Song" (Felix Mendelssohn)—Mrs. J. S. Jones.
"Springtime" (Becker)—Mrs. J. W. Rohrer.

"Double trio, 'In Early Spring'" (Werklin)—Miss Carrie Howland, Mrs. J. W. Rohrer, Mrs. W. P. Ullman, Mrs. C. J. Lovelless, Mrs. J. D. Thompson, Mrs. M. E. Stickney.
Three Part Song, "Spring" (Gaston Borchi)—Mrs. Rohrer, Mrs. Ullman, Mrs. Stickney.

Following the program, the ladies were entertained at tea in Mrs. C. J. Lovelless' home. Mrs. George Strong, Mrs. John Ogilvie, with Mrs. Susan Bawden presiding at the tea table. Guests of the club were Mrs. Orcutt, Mrs. Chambers of Newark and Miss Selma Russell of Shepardsville, Ind. The next meeting, in charge of Mrs. Burton Case, will be "Music of Granville in the Past," with the club women in costume, held at the home of Mrs. C. W. Chamberlain on College Hill.

At the Presbyterian prayer meeting this evening there will be addresses
